REPLY TO

November 1, 2001

Freedom of Information/
Privacy Office

Mr. John Young
CRYPTOME
251 West 89th Street
Suite 6E
New York, New York 10024

Dear Mr. Young:

References:

a. Your Freedom of Information Act (FOIA) request of March 29, 2001, for records concerning various dossiers. Your request was received in this office on April 18, 2001.

b. Our letter of April 20, 2001, informing you that additional time was needed to review the records and we were unable to comply with the 20-day statutory time limit in processing your request.

We have conducted checks of the automated Defense Clearance and Investigations Index and a search of the Investigations Records Repository to determine the existence of Army intelligence investigative records responsive to your request. The records are enclosed for your use.

We have located the enclosed records pertaining to Norway Intelligence Services, ZF400084W. We have completed a mandatory declassification review in accordance with Executive Order (EO) 12958. As a result of our review, information has been sanitized as the information is currently and properly classified SECRET and CONFIDENTIAL according to Sections 1.3(a)(2), 1.3(a)(3), 3.4(b)(1) and 3.4(b)(6) of EO 12958. This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552(b)(1). A copy of the records is provided for your use. Fees for processing this request are waived. A brief explanation of the applicable sections follows:

Section 1.3(a)(2) of EO 12958 provides that information shall be classified SECRET if its unauthorized disclosure reasonably could be expected to cause serious damage to the national security.

Section 1.3(a)(3) of EO 12958 provides that information shall be classified CONFIDENTIAL if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 3.4(b)(1) of EO 12958 provides that classified information more than 25 years old is exempt from automatic declassification if it would reveal the identity of a confidential human source, or reveal information about the application of an intelligence source or method, or reveal the identity of a human intelligence source when the unauthorized disclosure of that source would clearly and demonstrably damage the national security interests of the United States.

Section 3.4(b)(6) of EO 12958 provides that classified information more than 25 years old is exempt from automatic declassification if it would reveal information that would seriously and demonstrably impair relations between the United States and a foreign government, or seriously and demonstrably undermine ongoing diplomatic activities of the United States.

Since the release of the information deleted from these records would result in an unwarranted invasion of the privacy rights of the individuals concerned, this information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(7)(C).

In addition, since the release of the information in these records would reveal the identity of confidential sources, it is exempt from public disclosure pursuant to Title 5 U.S. Code 552(b)(7)(D) of the FOIA. The significant and legitimate governmental purpose to be served by withholding capability is dependent upon protection of confidential sources.

The withholding of information by this office is a partial denial of your request. This denial is made on behalf of Brigadier General Keith B. Alexander, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You may appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this letter. After the 60 day period, the case may be considered closed; however, such closure does not preclude you filing litigation in the courts.

We have been informed by the Federal Bureau of Investigation (FBI) that their review disclosed that information has been sanitized and two pages are denied in their entirety as the information is exempt from public disclosure pursuant to Title 5 U.S. Code 552 (b)(1) of the FOIA. To aid you in identifying the FBI exempted information; we have bracketed it black. It is not possible to reasonably segregate meaningful portions of the withheld pages for release.

The withholding of the information by the FBI constitutes a partial denial of your request and you have the right to appeal this decision. If you decide to file an appeal, it should be forwarded to the following: Co-Director, Office of Information and Privacy, U.S. Department of Justice, Flag Building, Suite 570, Washington, DC 20530-0001 within 60 days from the date of this letter. The envelope and letter should be clearly marked "Freedom of Information Appeal" or "Information Appeal". Please cite FBI FOI/PA #433516 assigned to your request so that it may be easily identified.

We are coordinating with another government agency concerning the releasability of the information contained in their records. We will inform you as to the releasability of the information upon completion of our coordination.

We are continuing to review records regarding other titles you have requested and will respond to you by separate correspondence when our review is complete.

If you have any questions concerning this action, feel free to contact Mrs. Reilly at (301) 677-4742. Please refer to case #836F-01.

Sincerely,

for Russell A. Nichols
Chief, Freedom of Information/

SUMMARY OF INFORMATION

The following is a Norwegian to English translation of an article which appeared in the 30 September 1966 edition of the Norwegian newspaper "Aftenposten" concerning changes in the Norwegian Police and Intelligence Agencies:

THE SECURITY BRANCH: PROBABLY REPORT THIS YEAR
With Rules of Guidance on the whole Activity

"The committee appointed by the Government in January this year to evaluate the problems concerning the preventive security branch, its pattern of organization and its way of working, is still at work. The committee also will, as known, examine whether the responsibility and spreading of the workload is satisfactorily taken care of, and whether a safe cooperation between the affected authorities has been established. The main task of the committee is to set rules of guidance for the future activity. The Chairman of the committee is Supreme Court Lawyer Jens Chr. MELLBYE, and members are Government representatives Einar STAVANG (Labour Party) and John AUSTHEIM (Center Party). In March two specialists were appointed to assist the committee. Chief of Police, Gunnar HAARSTAD, is assisting with the problems covering police matters, and Lt Col Andreas LERHEIM with the problems of intelligence interest.

Supreme Court Lawyer Mellbye, being addressed by AFTENPOSTEN, points out that the committee hopes to finish their work and submit their report by the end of the year, but does not at the moment dare say anything for sure.

What has happened up to now is that on 26 March, Colonel Carl RUGE was ordered to take up the assignment as Chief of the Military Security Branch. His responsibility is security within the Defence posture. Col Ruge earlier in his service has, among other things, been National Military Representative at SHAPE, NATO's Headquarters in Paris. It is to this assignment Colonel EVANG has been ordered for a period of three years. What importance is being put on Col Ruge's job can easily be seen in the fact that the position he vacated to take over his present responsibilities, was that of Chief of Army Staff.

On 23 September, Colonel Johan BERG was ordered as Chief of Intelligence (ACOS INT), Defence Staff, with effect of 1 November. He is now ACOS LOGISTICS in the Defence Staff. He can look back at quite an allround duty both in Norway and abroad, and is well in advance familiar with the activity he is taking over. He is well respected within the whole Defence organization, and also is Editor of the "Norwegian Military Publication" (Norsk Militart Tidsskrift), which he has given a brush up.

While the Security Branch and Intelligence earlier was gathered under one man, it is today divided into two clearly separated areas of responsibility. What is left

SUMMARY OF INFORMATION

is to get a new chief of the public Special Branch, which falls under the Ministry of Justice. The former chief, Police Inspector Asbjorn BRYHN, has been assigned as Chief of Police of Bergen. However, he has not yet taken over, and his present job has not been advertised. It is estimated to be in the immediate future, and that a new man will be assigned to the job.

As mentioned above, the Chief of Police in Varanger, Gunnar HAARSTAD, has been assisting the Mellbye Committee in its work with problems within the police, whereby the conclusion may be drawn that he is recognized as the leading professional in that area. He is therefore estimated by many to be the likely successor of Bryhn. However, at the present time he is a student at the 12th normal course of the Defence College, where he will not finish until mid-May 1967."

Sikkerhetstjenesten: Trolig innstilling i år

Med retningslinjer for hele virksomheten

Det utvalg som Regjeringen lot nedsette i januar i år for å vurdere prinsippene for den forebyggende sikkerhetstjeneste, dens organisasjonsmønster og dens arbeidsmåte, er fremdeles i arbeide. Utvalget skal som kjent også undersøke om ansvars- og arbeidsfordelingen er tilfredsstillende ordnet, og om det er etablert et betryggende samarbeide mellom de berørte myndigheter. Utvalgets hovedoppgave er å trekke opp retningslinjer for den fremtidige virksomhet. Utvalgets formann er høyesterettsadvokat Jens Chr. Mellbye og medlemmer, stortingsrepresentantene Einar Ståvang (Arbeiderpartiet) og John Austrheim (Senterpartiet). I mars ble oppnevnt to spesialister til å bistå utvalget. Politimester Gunnar Haarstad bistår med de rent politimessige problemer og oberstløytnant Andreas Lerheim med etterretningsproblemer.

Høyesterettsadvokat Mellbye opplyser på henvendelse fra Aftenposten at utvalget håper å kunne avslutte sitt arbeide og avgi sin innstilling innen årets utgang, men tør ikke på det nåværende tidspunkt si noe sikkert om det.

Det som hittil er skjedd, er at oberst Carl Ruge ble beordret som sjef for den militære sikkerhetstjeneste 26. mars. Hans ansvar er sikkerheten innen Forsvaret. Oberst Ruge har tidligere i sin tjeneste bl. a. vært nasjonal representant i SHAPE, NATO's hovedkvarter i Paris. Det er denne stilling oberst Wilhelm Evang er beordret til for en periode av tre år. Hvilken viktighet man tillegger oberst Ruges stilling fremgår bl. a. av at den stilling han forlot for å overta sitt nåværende ansvar var som sjef for Hærens stab.

Oberst Johan Berg ble beordret som sjef for etterretningstjenesten 23. september og tiltrer i sin nye stilling 1. november. Han er nu sjef for forsyningsstaben i Forsvarsstaben. Han har bak seg en meget allsidig tjeneste i Norge og i utlandet og er på forhånd vel inne i det arbeide han nu overtar. Han nyter almindelig tiltro innen både Forsvaret og er bl. a. redaktør for Norsk Militært Tidsskrift som han har lagt om og gitt et nytt, friskt ansikt.

Mens sikkerhetstjenesten og etterretningstjenesten tidligere var samlet hos en mann, er de altså nå delt i to klart adskilte ansvars-

forhold. Det som gjenstår er å få en ny sjef for den almindelige overvåkningstjeneste som hører under Justisdepartementet. Den tidligere sjef, politiinspektør Asbjørn Bryhn, har fått embedet som politimester i Bergen. Han er imidlertid ennå ikke tiltrådt og hans stilling er ikke avertert ledig. Man må kunne regne med at det vil skje i forholdsvis nær fremtid og at en ny mann vil bli konstituert i stillingen. Som ovenfor nevnt er det politimester Gunnar Haarstad i Varanger som bistår Mellbye-utvalget i dets arbeide med de politimessige problemer og det kan vel sies å ligge i det at han anerkjennes som den ledende fagmann på området. Mange har derfor regnet med ham som Bryhns sannsynlige etterfølger. Han er imidlertid for tiden elev i Forsvarets Høyskoles tolvte normalkursus, og vil ikke bli ferdig før i midten av mai 1967.
